

LIPOSORBER® LA-15

Lipoprotein Apheresis System

A STEP FURTHER IN APHERESIS THERAPY

SAFE • SELECTIVE • EFFICIENT

Plasma
Separator
Column

LIPOSORBER® Double
Adsorption Columns
(Liposorber LA-15)

Tubing
Set

**Highly Selective
Adsorption**

Highly selectively binds
LDL, VLDL and LP(a).

**No Limitation on
Treatment Volume**

Treatment volume of plasma
is optionally set by changing
the frequency of regeneration.

**Minimal Reduction
in HDL**

HDL level decreases
minimally.

**Minimal Effect on
Plasma Proteins
Except for Lipoproteins**

With the machines Kaneka MA-03
and Liposorber LA-15.
